Report by Mary Randolph Ballinger:

Our Hort speaker this summer was given by Jason Delaney from St Louis. He is a renown grower and hybridizer of daffodils and day lilies.

His interesting and engaging talk with beautiful pictures was full of recommendations for our gardens.

Report by Paulette Boling:

Regarding the Zone One Meeting to be held by the Noanett GC in Dedham, MA on September 16 and 17:

Horticulture entries- September 16, 7-8:45 am.

Our club is required to submit three entries of seed-propagated native plants from our eco-region for the plant exchange - class 57.

Plants are being grown by Maryann Wasik, Sarah Ann Miller, and Paulette Boling. Paulette attended a workshop at Carrie Waterman's home in Dover, MA in late February 2024. Carrie mailed seeds from the February 2025 workshop and they went to Paulette, Maryann Wasik, and Sarah Ann Miller.

Our club is also required to submit three entries in the other horticulture classes.

These entries will be made by Marianna Brewster, President, or her delegate to the meeting.
