

Publications Committee 2024

The First Vice President maintains a spreadsheet of member information. She contacts members for updates. Since these documents contain detailed information of names and addresses, proof reading takes some time. The Program Chair submits all the program information and the President updates all the other documents. These publications were printed through Poets Corner Press on Nantucket. A packet was not mailed to members this year. The program etc was posted on our web site Packets of all the information was distributed at the first meeting in June. Also, I supplied the Membership Chair with complete packets for the incoming Provisional Members.

Poets Corner Press also published all the printed material for the Daffodil Show which had minor updated from the previous year.

The House tour was held on August 7, 2024 on Pleasant Street. This was the first year that no paper tickets were printed. The Houe Tour Committee arranged for all the printing. These items were also completed with the help of Poets Corner Press.

It is my recommendation for the coming year that all the membership printing be suspended, and information be available to members through our web site. All members can also access the membership information through the GCA web site and download a membership list.

Respectfully submitted

Mary D. Malavase
